

# Magnet or Paper? Can't tell the difference?

[ PRINTED FLEXIBLE MAGNET ]

[ PRINTED PAPER ]

Neither can your press.  
You can **print magnets!**

**Every printer. Everyday.** Printing to magnetic material is no problem with Magnum Magnetism's products. In rolls and sheets, our materials range from 11 point to 60 point, magnetized or unmagnetized. Choose from a wide variety of printable surfaces including papers, vinyls,

polypropylene, glow in the dark, fluorescents and reflective foils. Magnum's magnetic materials are child-safe\*, strong and customizable. Offset, Flexo, Indigo, InkJet, IGen or Screen — whatever your printer, Magnum's American-made materials will work. Contact us today for information and samples.

\*Our products conform to certified toy safety standards for heavy metals content.
